PROJECT OBJECTIVES

Topic: IOT Based Child Safety gadget for child safety monitoring and notification

The objectives as

- Enable tracking of the child's location and capturing of data remotely such as where the child located distance etc.
- To show the child 's actual data with reference values.
- Enable sending of notification if the child is out of location or when the device realizes abnormal conditions/ situations.
- Develop a prototype of IOT wearable smart band connected to parents Mobile app so that they can monitor the actual condition of children at anytime and anyplace.
